The diagram shows a Go board with columns labeled A through T and rows labeled 1 through 19. Black stones are numbered 1 to 199, and White stones are numbered 200 to 396. The board is filled with stones, indicating a late-stage game. The numbering suggests a specific sequence of play, with Black starting at 1 and White responding at 200. The board shows a complex pattern of captures and placements, with many stones already removed from the board. The position is highly tactical, with many stones in atari and a large number of potential captures. The board is a standard 19x19 Go board, and the stones are numbered according to the game's progress.
