The diagram illustrates a Go board position on a 20x20 grid. The columns are labeled A through T, and the rows are labeled 1 through 20. Black stones are numbered 1 through 150, and White stones are numbered 1 through 150. The position shows a complex sequence of captures and recaptures, with many stones already removed from the board. The board is currently empty at most intersections, with only the numbered stones remaining.
